

### **PARTICIPATION IN CLINICAL RESEARCH**

The physicians at Abington Dermatology Associates may conduct research studies about the effects and safety of investigational medications, treatments, procedures, or devices at their on-site office of Allus Clinical Research. If you are interested in being contacted about studies for which you may qualify, provide your contact information below. Responding YES now DOES NOT mean that you agree participate in the future studies, but that it is OK for us to invite you to do so.

\_\_\_\_\_ (initials) **YES**, I approve for my medical record to be screened and to be contacted for future research opportunities. (Please provide contact information below.):

NAME: \_\_\_\_\_

Email address: \_\_\_\_\_

\_\_\_\_\_ (initials) **NO**, I am not interested in being contacted for future research opportunities.
